**Housing Rehabilitation Program
(Office of Community Development)**

The Office of Community Development has programs that can help eligible homeowners improve their homes by lowering energy bills, correcting code violations and making other repairs. City and County staff will monitor the work to make sure it is done correctly and within program guidelines. To qualify, your property taxes and mortgage payments must be current and your household income must be within the prescribed HUD limits, based upon family size. If you think you may qualify for some level of assistance, please contact **the Office of Community Development at (734) 622-9036**. Darnishous Ingram will be able to help you navigate through the process to determine if you are eligible for funding to help cover housing rehabilitation needs that would otherwise be outside your current financial means.
